PUTTING USERS IN THE DRIVER’S SEAT

REMOTE SELECTION

LiNX electronic platform offers a range of remotes

These three remotes have the same familiar design and share the same key features:

- Large on/off button allowing easy targeting
- Ergonomic joystick requiring low force to operate
- Accurate system status and battery gauge display
- Easy to use physical speed dial
- Simple keyless lock function

REM110
- Drive Only Remote
The LiNX range of controls starts with a simple set-up that features the drive function, horn and a speed dial.

REM211
- Drive and Power Positioning Remote
The REM211 has additional seating functions which are displayed with easy to understand icons.

*All references to HCPCS codes: Providers are responsible for determining the appropriate billing codes when submitting claims to the Medicare program, and should consult an attorney or other advisor to discuss specific situations in further detail.
REM215
– Drive, Power Positioning and Lights Remote
The REM215 has added light buttons to operate hazard lights, lights and indicators.
- The lights are bright for the active function, and will be dim for inactive functions
- The primary and secondary functions on the light buttons are for lights and hazards.

Accessories
- Cane/crutch holder†
- Walker holder†
- O2 holder†

Front rigging options
- Adjustable or Fixed Center mount (Adjustable Shown)
- Swing away

Elevate only power seating
- 12" elevate
- 10’ elevate for HD version

† Crutch, walker and oxygen tank sold separately

Invacare LiNX Technology is our insight-inspired control system with advanced technology that is designed to provide a superb driving experience for users and allows professionals to configure and tailor powerchairs quickly and more intuitively.

Key features include:

- Touch screen remote
- Remote selection
- Simple wireless programming
- Enhanced drive experience
- Range of power modules

The development of the REM400 has involved extensive research, trials and tests; the joystick knob has been specifically designed to make it easier to access the screen; the on/off switch is positioned out of the way to prevent accidental turn off; the joystick orientation can be adapted to suit a range of motions and there are two programmable multifunctional direct access buttons plus two pre-configured stereo jack inputs.
CORE TECHNOLOGIES

**Center Wheeldrive (CWD)**
- Designed to provide the smallest turning diameter and smallest overall footprint vs FWD and RWD for optimum maneuverability
- Designed to provide excellent indoor driving experience due to the exceptional maneuverability

**G-Trac™ Technology**
- Designed to help provide precise tracking for imprecise environments such as side slopes, uneven or soft ground, or even bunched up carpets or door jambs
- Designed to reduce the need for corrective steering actions so the driver uses less effort to reach their destination
- Less corrective steering can assist in reduced fatigue, safer driving, increased driving efficiency, enhanced independence, as well as increased energy to perform other daily living activities

**SureStep® Suspension and Stability Lock**
- Work in synergy to maintain balance and provide stability when transitioning over obstacles
- When maneuvering over everyday obstacles or curbs, SureStep Suspension helps to ensure the seat remains close to level and the power wheelchair maintains virtually constant six wheel contact on the ground
- Stability Lock uses one-way, gas locking cylinders that engage if the rear casters begin to lift off the ground, preventing the chair from lurching forward
A Refined Classic You Can Customize for Your Personal Style

- All black frame with complementary black tires and wheels for a modern, elegant design
- Customized, contemporary colored shrouds with reflectors and wheel accent colors
- New rear swing arm design for better controller access
- Standard transport brackets for secure, unoccupied wheelchair transportation

COLORS

- Obsidian Black
- Ruby Red
- Purple Passion
- Peacock Blue
- Banana Split
- Denim Navy
- Lime Twist
- Arctic Blue
- Pink Flamingo
- Morning Mist
- Orange Marmalade
